Re: Ex Parte No. 670

Dear Chairman Nottingham:

On July 30, Kinder Morgan Terminals made an e-filing requesting that the STR consider including a Kinder Morgan representative as a RETAC member. Per a later conversation with Scott Zimmerman it was suggested that we provide the name of the proposed Kinder Morgan member. That person would be Douglas A. Leach, Vice President Business Development. Doug is responsible for all liquid fuel acquisitions, green field projects and marketing of Kinder Morgan Terminals storage assets. He is also leading our renewable fuels efforts, including ethanol and bio-diesel across the US and Canada. Doug has been in the energy business for the past 30 years and previously worked for Koch Industries and Enron.

Thank you for your consideration of this nomination

Very truly yours,

Jeff Armstrong
President, Kinder Morgan Terminals
